SITUATION SUMMARY

Southern California

The Southern Region Emergency Operations Center has returned to Level I in response to San Bernardino County activation for the Etiwanda fire and the City of Los Angeles and County of Los Angeles activation for May Day activities.

Etiwanda Fire – CA-BDF-006646, San Bernardino County

Per ICS-209 dated 5/03/2014 at 0600 hours

Fire Information:

- Size: 2,190 (+563) acres, 67% (+14%) contained
- Heavy demobilization of resources began on 05/02/14
- Remaining Local Government resources being demobilized today.
- Structures Threatened: 0 (-1000)
- Total Personnel Committed: 821 (-71)

Evacuations and Shelters

- All mandatory evacuations have been lifted.
- All voluntary evacuations have been cancelled.
- All shelters were closed on 5/1 at 1900 hours.
- All schools reopened 5/2/14.

SITUATION SUMMARY (Cont.)

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Major Construction U.S. Highway 50, Sacramento, Sacramento County

- Major construction began April 22, 2014 on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets. The Caltrans Traffic Management Center (TMC) reports no issues to date with the project or the traffic in the area.
- Please see “Fix 50” slides for additional information, including [alternate routes](#).

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

An upper level trough moving toward the West Coast will bring a chance of showers Sunday through Monday, mainly north of Cape Mendocino.

San Francisco Weather:

Increasing onshore flow and lower temperatures aloft will result in a cooling trend through the weekend and into the first part of next week. The passage of a deep upper level trough will bring a slight chance of showers to the more northern and inland portions of the forecast area Monday. A gradual warming trend is then expected to begin around midweek as high pressure rebuilds along the coast.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

The high pressure ridge shifting eastward today will bring a cooling trend through early next week. Showers will be possible Sunday night and Monday over the Northern California mountains and over the Sierra Nevada as an upper low pressure system drops through the Northwest United States. A shower threat will continue over the mountains Tuesday with upper level ridging bringing an end of the shower threat and warmer temperatures Wednesday and Thursday.

Hanford Weather:

A strengthening onshore flow will bring a cooler air mass into the Central California interior during the next few days. Weather for the forecast area will trend cloudier and slightly cooler than normal by Tuesday with a chance of showers over the mountains.

WEATHER SYNOPSIS BY REGION: (Con't)

SOUTHERN CALIFORNIA:

Los Angeles Weather:

A trough of low pressure will bring a cooling trend and an increase in marine layer cloud coverage by Sunday and into early next week with temperatures returning to near normal by Sunday. Warming is expected for the second half of next week as high pressure returns.

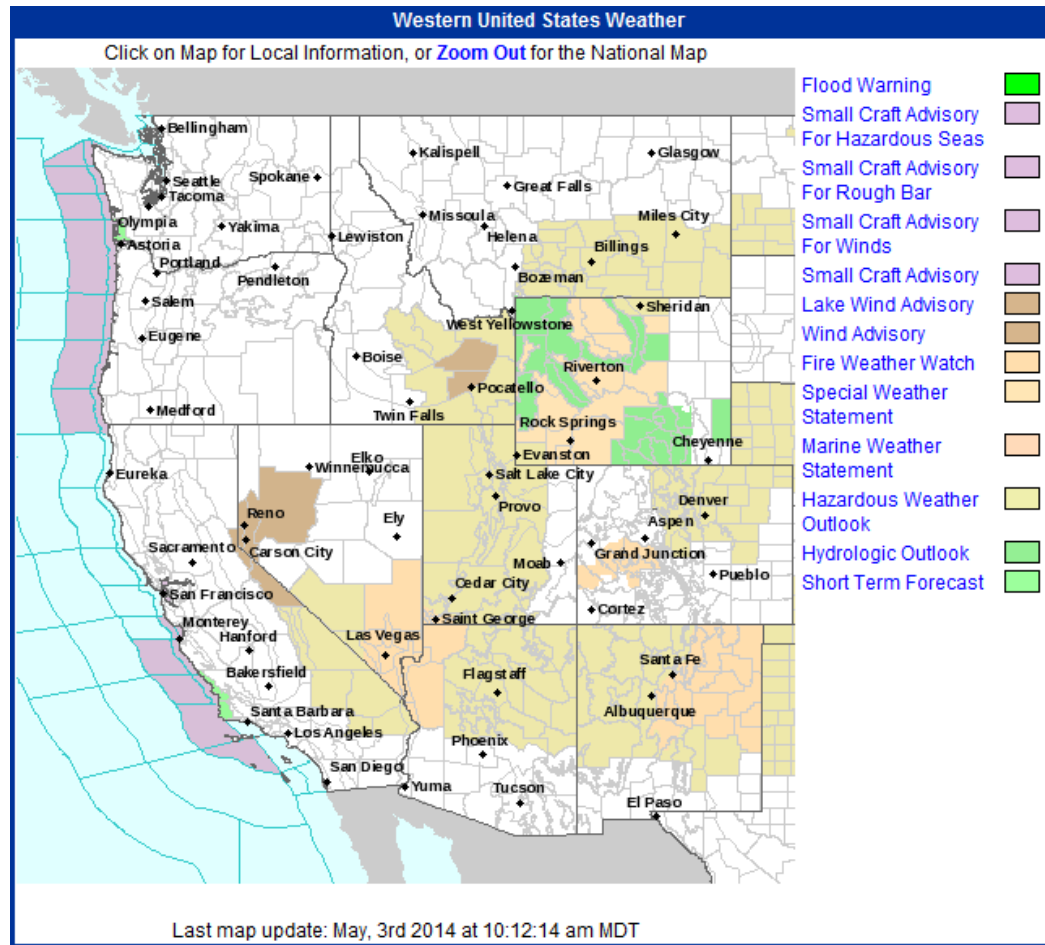

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

Today the weather will continue to be hot and dry inland with gusty west winds in the mountains and deserts late this afternoon and evening. Greater cooling will spread inland on Sunday and Monday as the marine layer returns and onshore flow strengthens. A low pressure system moving inland on Tuesday will bring more cooling, more deepening of the marine layer, and gusty west winds in the mountains and deserts. For Wednesday through Friday, a warming and drying trend will occur with weaker winds as the low pressure system moves slowly inland.

Southeast California Weather:

A strong high pressure system will slowly build over the region through the weekend providing mostly clear skies and much warmer temperatures. Some desert locations are forecast to break the 100 degree mark today and Sunday; however, a Pacific low pressure system will move into the Western States Monday bringing cooler weather, and gusty afternoon southwest winds into Tuesday. A warming trend is expected later next week as high pressure starts to build back into the area.

FIRE ACTIVITY

Southern California

Etiwanda Fire, Rancho Cucamonga, San Bernardino County

Fire Information

- Size: 2,190 (+563) acres, 67% (+14%) contained
- Heavy demobilization of resources began on 05/02/14
- Remaining Local Government resources being demobilized today.
- Structures Threatened: 0 (-1000)
- Total Personnel Committed: 892 (-37)
- A Cal OES Fire Assistant Chief is on scene
- A Unified Command is in place consisting of USFS, Cal Fire, and San Bernardino County Sheriff's Office. Rancho Cucamonga Fire Department has transitioned out of Unified Command.
- Command will transition back to San Bernardino National Forest on 5/4/14 at 0600 hours

FIRE ACTIVITY

Etiwanda Fire, Rancho Cucamonga, San Bernardino County Emergency Management: (Cont.)

Evacuations / Shelters

- All mandatory evacuations have been lifted.
- All voluntary evacuations have been cancelled.
- All shelters were closed on 5/1 at 1900 hours.
- All schools reopened 5/2/14.

Proclamations:

- April 30 - Rancho Cucamonga proclaimed a local emergency - requesting a Gubernatorial, CDAA and Presidential Disaster Declaration.
- April 30 - San Bernardino County OA proclaimed a local emergency - requesting a Gubernatorial, CDAA and Presidential Disaster Declaration.

FIRE ACTIVITY

Etiwanda Fire, Rancho Cucamonga, San Bernardino County Emergency Management: (Cont.)

Activations

- Southern Region Emergency Operations Center (SREOC) transitioned to Level I activation (Duty Officer status) on 5/1 at 1730 hours.
- San Bernardino County Emergency Operations Center (EOC) transitioned to Level I activation (Duty Officer status) on 5/1 at 1730 hours.
- The City of Rancho Cucamonga transitioned Level 1 activation (Duty Officer status) on 5/1 at 1900 hours.
- No requests for state assistance have been made to the REOC.

“Fix 50” Information

Major Construction U.S. Highway 50, Sacramento, Sacramento County

- Major construction is scheduled on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.

2014 Project Dates

Roadway Construction Timing:

Eastbound Highway 50: April 22 – May 21

Phase 2: May 2 - May 21

- During Eastbound, Phase 2 (May 2 – 21), the following ramps will be closed: - 16th Street On-Ramp - Connector ramp from eastbound Highway 50 to southbound Highway 99 - Connector ramp from eastbound Highway 50 to eastbound Business 80
- At least 3 lanes will be open
- Westbound traffic will be fully open as normal with no impact.

“Fix 50” Information (Cont.)

Major Construction U.S. Highway 50, Sacramento, Sacramento County

On-Ramp and Connector Closures: There are additional traffic restrictions during Eastbound Phase 2 due to additional ramp closures. The following ramps and connectors will be closed throughout Phase 2:

Eastbound Highway 50 On-Ramp closures:

- 11th Street On-Ramp
- 16th Street On-Ramp

Eastbound Highway 50 Connectors to:

- Southbound Highway 99
- Eastbound Business 80 (Capital City Freeway)

Hornet Drive Detour: The suggested detour for motorists and commercial vehicles looking to access southbound Highway 99 or eastbound Business 80 from eastbound Highway 50 is to take Eastbound Highway 50 to Exit 9 (marked Howe Ave. / Power Inn Rd.) Stay in the right lane to use the California State University loop exit, which is before Howe/Power Inn. This loop will take drivers onto Hornet Drive, where they can then turn left onto the westbound U.S. Highway 50. Drivers can then proceed on Highway 50 to either Highway 99 or Business 80. Detour signs will direct drivers through the detour. Motorists should allow an extra 10 minutes to take the detour in addition to congestion delays going through the Fix50 work zone.

“Fix 50” Information (Cont.)

Major Construction U.S. Highway 50, Sacramento, Sacramento County

- Drivers going to the Sacramento Republic FC's soccer games on May 3 and 17 from eastbound Highway 50 will also need to allow extra time for the detour as well as for traffic congestion from the game.

Westbound Highway 50: May 27 – June 25

Phase 1: May 27 - Jun 10

- At least 3 lanes will be open
- Eastbound traffic will be fully open as normal with no impact

Phase 2: June 11 - June 25

- During Westbound, Phase 2 (June 11-June 25) the following ramps will be closed: - 16th Street Off-Ramp - Connector ramp from westbound Business 80 to westbound Highway 50
- At least 3 lanes will be open
- Eastbound traffic will be fully open as normal with no impact

“Fix 50” Information (Cont.)

Major Construction U.S. Highway 50, Sacramento, Sacramento County

Alternate Routes:

During work in the EASTBOUND direction (April 22 – May 21):

If traveling from Elk Grove/Laguna to Rancho Cordova/Folsom:

- Use Freeway-99 North to US-50 East
- Do **not** use I-5 North to US-50 East

If traveling from Davis to Downtown Sacramento:

- Use I-80 to I-5 South, to Richards Blvd or “J” Street off ramps
- Do **not** take I-80 to US-50 East

If traveling from Natomas/Davis to Rancho Cordova/Folsom:

- Use I-80 East to Watt Ave exit-South to Business-80 on-ramp to US-50 East.
- Do **not** use I-5 to US-50 East.

If traveling through the project area during Phase 2 (Closed connector ramps to Business-80 and Freeway-99):

- Use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West

[Back to Front Page](#)

“Fix 50” Information (Cont.)

Major Construction U.S. Highway 50, Sacramento, Sacramento County

Alternate Routes: (Cont.)

During work in the WESTBOUND direction (May 27 – June 25):

If traveling from Rancho Cordova/Folsom to Downtown Sacramento:

- Use US-50 West to Business-80 North to “N” or “H” Street off-ramps
- Do not stay on US-50 West after Business-80 interchange

If traveling from Elk Grove/Galt to Downtown Sacramento:

- Use I-5 North to “J” Street off ramp
- Do not take Freeway-99 North to US-50 Westbound

If traveling from Rancho Cordova/Folsom to Natomas/Davis:

- Use US-50 West to Business-80 North to Watt Ave North, to I-80 West.
- Do not use US-50 West to Davis or US-50 West to I-5 North to Natomas.

If traveling through the project area during Phase 2 (Closed connector ramps from Business-80 to US-50 West):

- Use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West

***Motorists traveling to the Lake Tahoe area can avoid the project area congestion by taking I-80 E

CAL OES DROUGHT ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

Cal EOC Incident – 2014 Drought

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

On April 25, 2014 Governor Brown released an Executive Order on Friday enabling several urgent actions to be taken as the drought persists into the state's traditional dry season.

Near-term Outlook for Precipitation: Warmer weather will occur across the state this week with no expected precipitation.

** It is possible that last week's storms will be the last storms of the state's traditional rainy season. As this rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly over the coming months. This winter's below average rain and snowfall worsens conditions in this third straight dry year.**

Situational Summary (Cont.)

Information as of 4/28/14

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The most recent snowpack survey, conducted on April 1, recorded California snowpack at 32% of normal. A more recent update using automated devices shows snowpack at 21% of normal as of April 27.
- DWR has announced that water essential for health and safety will be delivered through the state water project in spite of the zero allocation policy. Deliveries will be boosted if storms produce enough rain and snow to increase reservoir storage and the snow pack.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

Current Drought Updates:

- 2014 Drought Response Report – the next report will be available on Monday 5/5/14

Declarations/Resolutions/Proclamations: (No change)

State:

01/17/14 – January 17, 2014, Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for these drought conditions.

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

CAL OES MISSIONS

New Cal OES Missions

- **2014-LAW-2867** Calaveras County Sheriff is requesting 3 human remains detection dogs for a SAR. Cal OES LDO is coordinating resources.
- **2014-LAW-2865** Fresno Police Department requesting Military EOD assistance concerning found World War II ordinance. Cal OES LDO is coordinating resources. Update 1226 hours: CNG 114th EOD Team has been activated for this request. Update 1317 hours: CNG checked the device and determined it is inert. **Mission Closed**
- **2014-LAW-2863** San Diego County, IERCC reports a SPOT Activation. Owner's mother contacted and indicates owner is hiking the Pacific Crest Trail. Cal OES LDO is coordinating SAR resources. Update 1225 hours: San Diego Sheriff's Department has resources en route to the last known GPS coordinates received. Update 1556 hours: LDO reached victim via cell phone who reported that he was uninjured but out of water and could not make the next water source. San Diego County SO SAR located the victim and transported him off the trail. **Mission Closed**

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2014-LAW-2843** Plumas County Sheriffs Office (PCSO) is requesting Search and Rescue resources in support of a Humans Remains search Southwest of Lake Almanor. County SO will be providing 2-3 Humans Remains Detection (HRD) K9s for search efforts currently being planned for this coming weekend, 5/3/14.
- **2014-SOC-2111** Mission is to test the Cascadia Subduction Zone (CSZ) air bridge concept by air transporting 7 passengers from OES and 1 CANG logistics planner on 13 May 2014 from Mather to the State Staging Area (SA) in Redding, to one POD in Del Norte and one POD in Humboldt, to the Redding State SA, and return to Mather. Passengers will discuss actions at the Redding SA and at each OA POD while they are at each location. The air bridge is a critical component to CSZ response and recovery. It is imperative this concept is tested to ensure response teams can be successfully transported into the effected region and the affected Operational Areas' are able to receive aircraft at designated PODs

CAL OES MISSIONS

Closed Cal OES Missions

- **2014-LAW-2850** Mariposa County Sheriff's Office is requesting ground search resources to locate a Missing Person (MP). The resources are being requested for a search to begin on 5/1/14 at 0700 hours. Incident Command Post has been established at Highway 49S at Kremble Road. Cal OES LDO is coordinating resources. [Update: 05/02/14 at 2016 hours, Cal OES LDO advised per Mariposa County, MP was found alive but in very poor medical condition. MP was airlifted out by a CHP helicopter and then transferred to an air ambulance. **Mission Closed**](#)

UPCOMING EVENTS, TRAINING, EXERCISES

Diablo Canyon Power Plant, Rehearsal / Full Scale Exercise

Diablo Canyon Power Plant in San Luis Obispo will be hosting two full scale Hostile Action Based exercises this Spring. A FEMA evaluated exercise will be held on May 21, 2014. This is part of the required biennial demonstration of our ability to protect the public from a radiological incident at the nuclear power plant.

Tropical Cyclone Simulation Exercise Plan (May 8, 2014)

The National Weather Service (NWS) offices and National Hurricane Center (NHC), Weather Forecast Office (WFO) San Diego, WFO Oxnard, Local Emergency Managers, Cal OES, Cal OES Warning Center, FEMA Region IX, and Western Regional Operations Center (ROC) will participate in a tropical cyclone simulation exercise on May 8, 2014.

The scenario for this exercise will use NHC developed Advisory package materials as were developed for the May 2013 exercise within NWS. The scenario depicts a tropical cyclone moving NNW along the west coast of Baja California and eventually re-curving into southern California. The NHC Advisory package materials have been shared with WFO San Diego and WFO Oxnard. The exercise will be compressed into one day (May 8). Due to the limited time available, participants will utilize only two of the Advisory Packages (To Be Determined), one simulating the storm a few days away, and the second with the storm much closer, with warnings/watches “in effect”.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
